# HEY THERE

Hey I'm Alisha, but my friends call me LISH!

I started using social media as a creative outlet back in 2014. Brands soon started to take notice of my clean and colorful aesthetic and began asking me if I could take photos for their social media accounts too.

I hustled every night and weekend to create content and build a client base. When I had to start turning away work because of my 9-5, I ditched the day job and pursued LISH creative full-time. In the 5+ years since starting my business, I've had the chance to produce content for some of the world's most distinguished brands.

Now, I want to make my colorful artwork more accessible for all. As you look through these pages, I hope you feel joy, inspiration, and the need to take a tropical vacation.

The Make A Splash Collection was shot during COVID-19 quarantine, in my garage studio, using cans of Lacroix! When you can't take a vacation, you make one with what you have.

Cheers!

*Alisha*

The background of the entire image is a close-up, high-angle shot of water with ripples and bubbles, tinted in a soft, monochromatic pink. The light reflects off the water's surface, creating a shimmering, textured effect. A solid magenta rectangular box is positioned on the left side of the image, containing white text and a logo.
